

Change or assemble of tabletop on FourUs Solo

Tools to be used: A size 4 umbraco key.

If assemble please start at step 3.

Step 1:

Find the screws which goes up into the tabletop, and screw them out using the size 4 umbraco key.

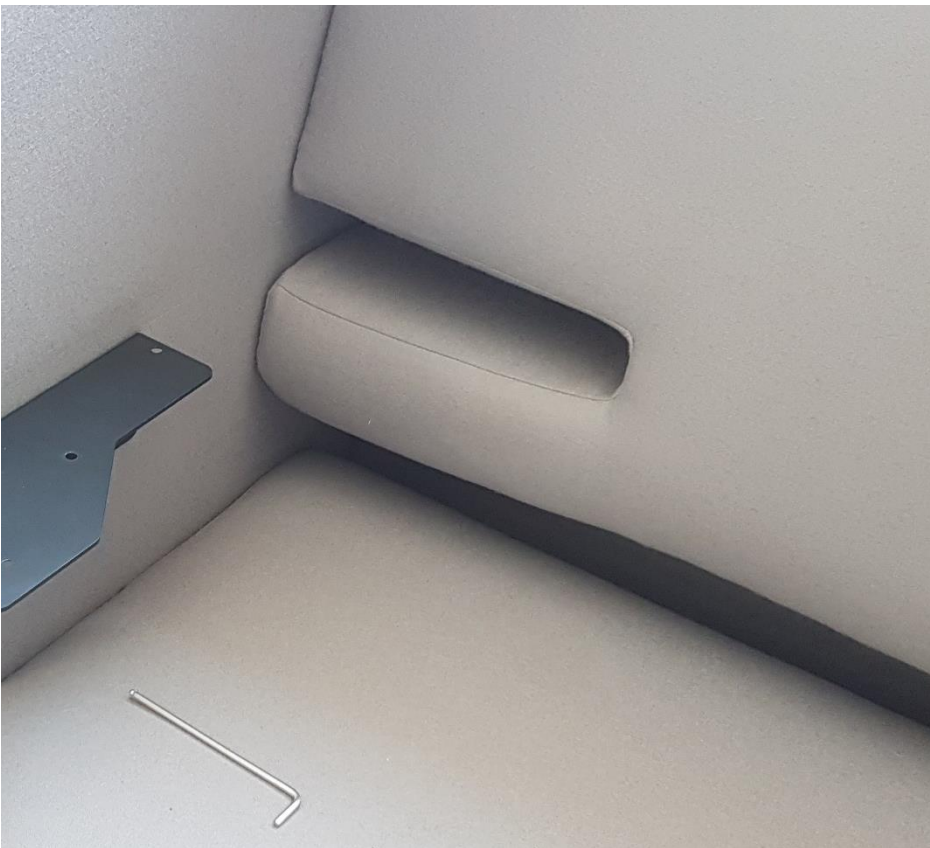

Step 2:

Pull the tabletop outward, until it is removed from the sleeve behind the cushion.

Step 3:

Attached the tabletop into the sleeve, until it fits with the screwholes in the bracket under the tabletop.
Then, screw the screws into the tabletop.

Step 4:

The FourUs Solo is now fully assembled.
